## WELCOME!

We value each of our patients like family and strive for the most professional, compassionate care possible! At **gerstenberg.clinic** our goal is excellence in all that we do! Please take a moment to familiarize yourself with our practice guidelines and services.

### Insurance

We accept most major medical insurance and, of course, we are happy to file your claim for you, electronically, in most cases. We try to be sensitive to each individual's situation in particular needs. Co-pays, coinsurance, and deductibles are part of your agreement with your insurance carrier, and will be collected at the time of service. Due to the rising cost of malpractice insurance, office expenses and so forth, medical expenses continue to skyrocket. We are aware of this and make our best attempt to keep cost down, while providing the most advanced level of care needed. If you receive a bill from our office you do not understand or want to question something, please call the office and do so. We will make every effort to work with financial hardship cases in regard to outstanding account balances.

A \$50 charge may occur for any missed visits or returned checks.

### Scheduling

We make every effort to ensure timely appointments. Most of the time, we will be able to see you the same day you call. Please reserve this "last minute" type of appointment for just that. For ongoing medical needs, long-term health problems and such, we ask that you please schedule these appointments well ahead of time.

We reserve additional appointment slots in the summer months (June, July and August) for wellness exams/physicals. We do perform annual female exams, men's physicals, adolescent school and camp physicals, so plan to get this done in the summertime. This keeps your exposure to cold and flu minimal. Also, many parents choose to have their well-baby care done here. Though we do not offer routine immunizations, we do provide wellness visits for newborns through the elderly.

We try to maximize appointment availability for all of our patients. If, for any reason, you cannot keep your appointment, please call as soon as you realize this, so that we can reschedule for a more convenient time. Any patient arriving more than 15 minutes late to their scheduled appointment time will be rescheduled. Also, if you have waited more than 15 minutes in the waiting room, please tell the receptionist, as there has probably been an oversight. We are sensitive to your schedule, and hope you'll be sensitive to ours and other patients.

### Referrals/consultations

If we feel you need to see a specialist, we will make every effort to get you in as soon as possible with them. One of our staff will attempt to get approval from your insurance company (if necessary) and send your request to the specialist's office for an appointment within five business days. Urgent cases will be handled as quickly as possible. Please be patient when referrals take a bit longer! Patients who feel they need a referral to a specialist for a particular illness need to be seen by our provider so that we can make that referral for you. We must have clinical documentation to validate that referral.

**Tell others if you like the service you get. Tell us if you don't – so we can try to make things right!**

### Alternative medicine

Dr. Gerstenberg, our providers and staff are interested in getting you the care you need in the safest, most economical way possible. As such, we are always open to those who are interested in alternative therapies. Dr. Gerstenberg is trained in osteopathic manipulation (similar to chiropractic care) and utilizes nutritional approaches to everything from attention deficit/hyperactivity disorder, chronic fatigue, fibromyalgia to irritable bowel syndrome and migraines. Just ask if you are interested.

### Procedures

We perform many minor procedures you may not be aware of. While many women prefer to go to their OB/GYN for annual check-ups, we are very capable of doing this wellness exam – often a lot sooner than the OB/GYN can! Minor skin bumps, like mole or warts can be treated or removed here in our office. Cancerous or precancerous lesions can usually be addressed right here as well.

### Prescriptions

The quickest, most effective method for you to have your prescriptions refilled is for you to call your pharmacy to request the refill. Then, your pharmacy will contact us if further action is required. No prescriptions will be refilled if you have not been seen in the office within six months, maximum. Some medications like controlled medications require more frequent office consultations. There will be no narcotic medication refills after hours or on the weekend/holidays. When you call with a question, we will personally address each need.

## gerstenberg.clinic WELLNESS

We offer several alternative healthcare options through our Wellness services. This includes vitamins, homeopathic remedies, human-identical hormone therapy, medical weight management options, aesthetic treatments, male ED treatments and more! Look around our clinic and website for materials that detail our Wellness line as we are consistently seeking out ways to diversify and offer the very best NON-drug treatments for our patients and community! Services offered through our Wellness line are considered cash-pay services and claims are not filed with insurance carriers since these Wellness services are not covered by insurance. Some flexible spending accounts (FSA) or health savings accounts (HSA) may reimburse for them and we gladly accept cash, check, credit card and CareCredit for these services.
